Here is a bull that we continue to be optimistic about due to his potential. To this point we have not utilized this bull enough due to him being related to most of our donors and his premature death, but we just had an impressive bull calf by the LMC SSC Catalina donor with more on the way later this season. Check out his striking granddaughter bred by RGV Cattle Company and Reavis Farms Inc. selling as Lot 1.

Chairman is uniquely bred, being sired by LMC Black Perfecto who was a SAC Mr. MT son who was a popular AI Simmental sire during that time and out of the popular LMC Titan Muneca 5H/367 "Sophie" cow that won several championships for the Baring Family.

Chairman's dam is the impressive LMC BBS Jenna donor, who was a champion for Faith Onstot and one of the most impressive females we have seen in person combining power and femininity as good as any. Jenna is a 6G/LMC Rajin Cajun daughter out of the prolific BBS Jennie Walker donor. The apple did not fall far from the tree as Chairman was one of our most well balanced and structurally correct sires featuring added capacity, testicular development, and soundness. He had a desirable disposition on top of that as well.

Bid with confidence here, we have recently used this bull on some of our new donors, juniors are utilizing him through our semen incentive, and we feel this bull's full potential will be realized real soon.

Quantity: 5
