If you're looking for an investment that will pay its self-off time and time again, look into this young bull. He's out of Mr. SG 97/4 (Red Chief) and out of a full sibling to CT 8/9. He maybe a little green in this picture but if you give him time, he will grow out to be a stud of a herd sire. RD is jet leveled back, stout, big feet and legged. You won't find a bull stacked with this much pedigree with this

much performance being sold. If buyer is from USA Janik Cattle Co. will retain 50 units of semen on Mr. WJ Red Diesel 167/2.
