Here is a heifer that catches your eye right off the bat by being as long as a freight train, is ultra-feminine, and extended through her neck and front end. With all that

length of body MISS DOUBLE A 404/1 is still super level topped and has great depth of body. She is sired by one of our most recent herd sires that we purchased from JD Hudgins, JDH SIR SIEGEL MANSO 22/9, who is out of the one and only +JDH SIR LIBERTY MANSO 847/5, who made a massive impact in the Brahman breed all over the world. This young upcoming heifer's Dam is a cow we eagerly retained in our donor pasture that is out of our past most influential donor, +MISS V8 143/6, who was crowned International Champion Female in 2003. This elite young heifer could go straight into your show barn and onto the donor pasture to earn her keep afterwards!
