Freshest Genetics! ECC Polled Madison 360/9 has been one of the favorites on our show string over the past two years. People love her massive rib shape, pigmentation, muscle, bone and overall completeness. Madison is a daughter of Polled Pathfinder who has been successfully utilized around the world and out of Miss U4 Madlyn Manso 107/4. Madison's dam is the result of crossing Mr. H Buckle Manso 111/9, the sire of a Reserve National Champion in his first calf crop, and +Lady H Matilda Manso 731 who is best known as the dam to the International Champion, +Mr. H Elijah Manso 281/2. We took this outstanding female and mated her with our "young gun" ECC Polled Maverick 302/9 who is sired by #Bardia Ambassador and out of our proven donor, Miss Double A 468/7, the dam to both LMC ECC LF Polled Lolo and ECC Polled Comandante. We think that both the phenotype and pedigree of this mating should line up to produce outstanding offspring!

Purchase price = 3x the bid. Selling a package of three (3) embryos with a guarantee of one (1) 60 day pregnancy if implanted by a certified embryo technician. If no pregnancy is achieved from the first three (3) embryos, an additional embryo will be given. Upon calving, ECC will provide buyers with a maximum of three (3) breeding certificates.

Quantity: 3
