Here is a real unique and exclusive opportunity to acquire a sexed female unit of semen on the great EMS Bet On Bubba. Rocking SMH stepped out big at the Emmons sale a couple years ago and took it all when the opportunity came around on the sexed Bubba semen and now they are giving you the shot at one unit of it in the prime

breeding time of the year. Just think about picking up this straw of FEMALE sexed semen and putting it to use on your top donor. The opportunity and potential is truly real here, don't hesitate and miss it.

Semen stored at Transova in Bryan, TX and must be transferred or picked up within 60 days of sale. Semen not claimed after 60 days will be forfeit.
