If you are looking for HOMOZYGOUS POLLED genetics, this lot is for you! For many, you have read all that you need to know, but ECC Polled Kelly 804/3 offers so much more. Look at her amazing build that is high-volume and ultra-feminine. We love her depth of body and clean underline, her length of hip and straight topline. This female is correct from nose to tail! Study the proven genetics in her pedigree, and you will see that she combines our entire program. The dam to Kelly is a proven young cow for us that also produced one of the sale features last year, ECC Polled Rio Queen 640/1 (P), a bred heifer selling to Woodham Cattle Co. The dam to Lot 5, ECC Polled Rio Queen 117/8 (P), is out of Miss Double A 468/7, one of our most proven donors that produced

Lolo, Comandante and Maverick. Kelly's maternal grandsire, ECC El Caporal 301 (S), ranks No. 5 in the breed for Polled registrations and his line is responsible for the largest number of Homozygous Polled progeny to be born at ECC. The sire to Polled Kelly is ECC AX Polled Rio King 620 (P), our most performance-oriented herd sire who is best known for siring the many-time champion, ECC LG Blanche 557/1, and ECC Polled Vienna 676/1 (S), a 2022 sale feature, purchased and shown successfully, by Payton Tullis. The sire to 620 is our foundation sire LMC Polled Authority 115/0, who has more than 100 registered progeny in ABBA, and out of a D Bar Ranch cow sired by the Vanguard Sire, (+) SCD Didor Esto. Polled Kelly is the kind of female that a complete POLLED program can be built around!

Terms

ECC reserves the right to one (1) flush or the split of two (2) flushes, minimum of six (6) embryos, on all heifers in the sale.

Quantity: 1
