These first 3 lots are a preview of the future of J & T Farms. These embryo heifers exemplify what we are striving to produce. This pick of Tonto heifers are out of 2 of the greatest cow families in the breed. Wicked Witch and Alexa both possess predictable phenotypes and the best udders in the breed. These 2 heifers excelled at the calf raiser. JT 268 weighed 640 at 6 months, and JT 275 weighed 638 at 6 months. Don't miss this pick of predictable females. We are only planning to sell one.

Name JT 275 ET
