Package of 3 Straws. Bid Price is Per Straw

Regrettably Game Day is no longer with us. His legacy will impact the Beefmaster breed for years to come from his performance to his homozygous polled genetics the

results will be lasting. His sons like Daybreak, Big Game, Nightfall, and others to come will continue to move this breed forward. Also, his polled daughters with performance and perfect udders will be game changing as well. So, with that being said semen will be limited from here on.

We are offering three straws with three certificates.

Semen and Embryos must be transferred or picked up within 90 days of sale. Semen and Embryos not claimed after 90 days will be forfeit.
