Donated by: Brolaco Cattle Company/Reavis Farms

Name: BLCO Rojo Mojo

Breed: 3/4 Simbrah

Sire: Volk Backdraft CC F810

Dam: RFI Scarlett 761E

Location: Brush Creek

BLCO Rojo Mojo brings together power, presence, and proven pedigree in one striking red package. Sired by Volk Backdraft CC F810, Rojo Mojo is built on a rock-solid maternal foundation—Backdraft combines two of the breed's most influential females, the legendary "Flatout Flirty" and Miss Werning KP 8543U, offering unmatched cow-making potential. His phenotype and genotype make him an exciting and fresh red sire for progressive breeders.

Rojo Mojo is bold in his build—he's got massive bone, powerful muscle shape, and still gets out and moves with a smooth, athletic stride. He's a classy, eye-catching bull with

structural correctness and functional design to burn. Beautifully moderate with the cherry red color of his Dam and calving ease to match any heifer in your herd.

On the bottom side, his dam RFI Scarlett 761E is the most prolific donor in the Brolaco genetic program. She's cherry red, polled, and her donor lineage that blends show ring style with production performance. This Dam produced the great BLCO LMC Fresca and her sibling four pack that went on to become some of the most desired calves in the Brolaco and La Muneca Program. Scarlett's offspring have a proven track record of breeding ease, docility and a positive herd changing effect time after time.

This 3/4 Simbrah option checks the boxes on look, power, and pedigree—Rojo Mojo is ready to leave his mark. This is your opportunity to add some GREAT and NEW genetics to your Simbrah program.

Quantity: 3
