LOT 3 - Embryo Package: TK/FCC Hard Body x LMC RGV CTCF Blossom

Breed Simbrah

Dam LMC RGV CTCF Blossom

Sire TK/FCC Hard Body

Description

Donated by: IGS Cattle Cattle Company

Breed: Simbrah

Sire: TK/FCC Hard Body

Dam: LMC RGV CTCF Blossom

Power meets pedigree in this mating that's stacked with champions and loaded with cow-making potential.

TK/FCC Hard Body is a proven sire who made a big impact in 2019, producing 5 of the 6 major champion females that year for the Reeder and Groce show strings. He's a direct son of 6G/LMC Rajin Cajun W908 and a paternal brother to the influential LMC Pappadeaux. Known for stamping out consistency, structure, and style, Hard Body has earned his name through the performance of his offspring.

LMC RGV CTCF Blossom is a donor with both eye appeal and a powerhouse pedigree. She's sired by 2012 International Champion LMC 6G Red Rock — a LMC HS Rocco x LMC WFC Ms. Dream Girl son — and out of the many-time champion RGV LMC Dr. Beauty donor, a daughter of LMC ATZ Dr. Feel Good and ZZ Crimson Beauty. Blossom brings together the best of LMC's maternal lines with the breed legends LMC EF JW Black, Dream Girl, and Crimson Beauty.

Blossom is moderate, sound, and bold-bodied with a clean, elegant design. As a former show prospect herself, she's now transitioning into an impressive young donor loaded with potential and backed by some of LMC's freshest embryo transfer genetics.

This is a chance to plug into generations of proven winners and donor makers. Take your program to the next level with this elite offering.

Quantity: 3 Embryos (conventional, no guarantee)

Quantity: 3
